PLEDGE of RESISTANCE

Sign the Pledge of Resistance and organize yourself with others in your community to respond with direct action within 24 hours if the US invades Venezuela!

Visit AFGJ.org to sign the Pledge of Resistance!

The United States government, in complete violation of international laws and norms has declared its intention to remove the democratically elected government of Venezuela and replace it with an unelected president, Juan Guaido, who never won a single vote in a national campaign. The US has illegally seized Venezuela's foreign assets and claims to be making them available to the opposition, an act which, on top of the already severe and illegal sanctions, exacerbates the suffering of poor and working class Venezuelans. Without regard to how we individually feel about Venezuelan President Nicolas Maduro and the Bolivarian Process put in place by the late President Hugo Chavez, those of us in the United States must oppose the illegal actions of our government.
